- Adapted communication styles to effectively address the unique needs of players, improving understanding and interaction.

Education and Training

University of North Carolina At Charlotte | Charlotte, NC

Bachelor of Science in Sports Analytics

Expected in 05/2028

Projects

- Used VS Code to develop a project that took the median income of people who lived in Charlotte to see which area had the highest and lowest incomes.
- Currently using VS Code to take data from web-scraping and seeing how home-field advantage has varied in the NFL across the last 10 seasons.
